Re: Yarway Category A Claims

Dear Claimants and Claimants' Counsel:

The Yarway Asbestos Personal Injury Trust Distribution Procedures ("TDP") provide for a Maximum Annual Payment, Maximum Available Payment and a Claims Payment Ratio for Category A claims and for Category B claims. Category A consists of PI Trust Claims involving severe asbestosis or malignancies (Disease Levels III – VII) that were unliquidated as of the Petition Date. Category B consists of non-malignant Asbestosis or Pleural Disease (Disease Levels I and II) that were similarly unliquidated as of the Petition Date. In addition, the Asbestos PI Trust's distribution to all claimants for the first nine months of a year shall not exceed 85% of the maximum annual payment for that year. See TDP sections 2.4 and 2.5.

The TDP provides that in the event there are insufficient funds in any year to pay the liquidated claims within either or both of the Categories, available funds allocated to the particular Category be paid to the maximum extent to claimants in that Category based on their place in the FIFO Payment Queue described in Section 5.1(c) of the TDP, which shall be based upon the date of claim liquidation. Claims for which there are insufficient funds allocated to the relevant Category shall be carried over to the next year, where they shall be placed at the head of the FIFO Payment Queue.

The Trust's advisors have determined that, based upon the Maximum Available Payment ("MAP") for 2026, the Trust has paid out 85% of the total amount available to Category A in 2026 before completing the August payment run. Accordingly, most of the August payments will be made in October. At that time, 90% of the total amount available to Category A in 2026 will have been achieved and no further payments will be made until the earlier of January 2027 or a resetting of the Yarway payment percentage, with a new MAP.

Claim payments carried over to 2027 or to a resetting of the payment percentage and MAP will be placed at the head of the FIFO Payment Queue. Any delay in the payment of currently offered Category A claims pursuant to Section 2.5 of the TDP will not affect the Payment Percentage the claimant would otherwise receive for such claim pursuant to the rules governing Payment Percentage in the TDP.

The Yarway Asbestos Personal Injury Trust
